

CASSEL EARTH

This sheet is giving all information on security conditions for persons and environment for use of our products.

1 – PRODUCT IDENTIFICATION

Name : CASSEL EARTH
Use : Refer to technical uses sheet
Other data :

2 – CHEMICAL COMPOSITION

Dangerous ingredients No
Dangerous impurities No

3 – PHYSICAL PROPERTIES

Physical state Powder
Characteristic temperature 240 ° C
Solubility
PH 6.0
Steam Pressure n.a
Density
Other No

4 – HANDLING AND STORAGE :

No Specific precautions

5 – FIRE AND EXPLOSION INSTRUCTIONS

Flash point No
Auto burning temperature 240 °C
Specific dangers
Fire extinguishing instructions Carbonic snow or by choking–Avoid water (very difficult to extinguish with)
Specific protection required to fire extinguishing : No
Usual start burning temperature 450 °C

6 – TOXICOLOGICAL INFORMATIONS

7 – FIRST AID INSTRUCTIONS

8 – ENVIRONMENT PROTECTION INSTRUCTIONS

Prevent leakage to sewage system
